	Quality Management System	
Registration number 22-04/1	**Quality Policy**	Number and date of order №87г-ОД from 25.10.21.

Adam University is an effective, stable and dynamically developing non-governmental university, an active participant in the national and global scientific and educational space, training highly educated, competitive, innovation-oriented specialists.

Adam University's education quality policy is aimed at implementing its mission – **to assist society in the sustainable development of social and economic institutions by training competent competitive personnel capable of not only effectively working in today's changing world, but also actively developing it.**

The quality policy corresponds to the University's intentions to implement a quality management system based on the requirements of ISO 9001:2015, the goals and context of the University, and also contributes to the movement in the chosen strategic direction.

The main priorities are:

1. improving the competitiveness of graduates in the national and international labor markets;
2. improving the competitiveness of the university in the educational services markets;
3. creation and implementation of a comprehensive program for the development and support of human resources;
4. improving social support for employees and students;
5. improvement of financial and logistical support of the University's activities in accordance with the Strategic Development Plan of the University for 2020-25;
6. improvement of the organizational structure of management;
7. development of quality culture and QMS in accordance with the requirements of ISO 9001:2015
8. updating the content of educational programs and their development based on innovative approaches;
9. participation in national and international university rankings;
10. ensuring openness and accessibility of information on the quality of educational services;
11. internationalization of educational programs to increase their attractiveness for students from Kyrgyzstan and around the world
12. integration of the University into the world educational, medical and scientific community.

The University management acts as a leader in the implementation of this Policy, undertakes obligations to ensure the understanding of the Policy by the University staff, to provide the necessary resources for the realization of the Policy and goals in the field of quality, to meet the requirements of consumers, legislative and other mandatory requirements, to continuously improve the quality management system.
